SCARLET FEVER AT STORRS.  
A Professor and Two Students Quarantined—College Closed Indefinitely as a Matter of Precaution.

Three cases of scarlet fever which have recently developed at the Connecticut Agricultural college at Storrs led to the indefinite closing of the college at noon Monday. Many of the students had been out with the grip and other non-contagious diseases recently, and traveling back and forth from the college. When it was found that there was scarlet fever at the institution, a considerable number of these left, or stopped coming to school, and after consultation it was decided to close the college indefinitely. The authorities, however, expressed the hope Monday afternoon that it might be possible to reopen the college for work in about ten days. It was not definitely known until Sunday and Monday just what the disease was, although several of the cases looked suspicious last week. Those who are quarantined at present are Miss Helen Cartwright of Hampton and E. H. Foote of Colchester, students, and Dr. E. W. Sinnott, professor of botany at the college. It is not expected that the disease will spread much further, but it was thought best to take no chances. A considerable number of students passed through Willimantic Monday afternoon on their way to their respective homes.

## Thin Folks Who Would Be Fat

Increase in Weight Ten Pounds or More.  
"I'd certainly give most anything to be able to eat a few pounds and stay that way," declared a victim of this ailment, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the powers of nutrition are normal. Instead of getting into the blood, much of the fat and flesh producing elements stay in the intestines until they pass from the body as waste matter. To correct this condition and to produce a healthy, normal amount of fat, the nutritive processes must be artificially supplied with the power which nature has denied them. This can probably be accomplished by eating a Sargol tablet with every meal. Sargol is a combination of six splendid assimilative agents. Taken with meals, they mix with the food to turn the sugars and starches of what you have eaten into rich, ripe nourishment for the tissues and blood, and its rapid effect has been in many cases reported remarkable. Reported gains of from ten to twenty pounds in a single month are by no means infrequent. Let its action be perfectly natural and absolutely harmless. Sargol is sold by Lee & Osgood, Norwich, and Chesbro's Drug Store, Willimantic, and other druggists everywhere and every package contains a guarantee of weight increase. NOTE:—Sargol is recommended only as a flesh builder and while excellent results in cases of obesity and emaciation, have been reported, care should be taken about using it unless a gain of weight is desired.

## WILL OF MARY E. EATON

Drawn in Norwich—Makes Numerous Bequests to Relatives.

The will of the late Mary Elizabeth Eaton was admitted to probate Monday morning before the local court. The document was drawn in Norwich Nov. 2, 1907, and witnessed by Judge Gardiner Greene, T. E. Babcock and Amos A. Browning, three attorneys of that city. The following are the bequests: To a nephew, Oliver Maine of Groton, a cottage and land at Pleasant Beach, Waterford, Conn.; to a niece, Hattie, the sum of \$100; to a nephew, William Maine, a book case, silver knives and forks, one large silver spoon and a cherry table; to a niece, Angie Williams of Lebanon, a figured china set, a spread and Paisley shawl; to Eva Maine, daughter of Andrew Maine of Groton, a gold watch and chain; to a nephew, Robert Stanton of Willimantic, a silver cake basket and one silver spoon; to James Wilson of Windham, a hanging lamp and trunk; to a nephew, Fanner Myers, an extension table, bedstead and lounge; to a niece, Lillian Spencer, wearing apparel and household furniture not otherwise disposed of. The remainder of the property and estate in three equal parts is given to Angie Williams, William Maine and Lillian Spencer, nieces and a nephew, William Maine, also named as executor of the will.

## Joint Installation for Members.

The joint installation of Councils Ste. Cecile and Florimond, L'Union St. Jean Baptiste d'Amérique, was held in the Center street armory Monday night. Contrary to custom, the installation was not public, but limited to members of the societies. The officers were installed by officers of the national organization. Refreshments and speecaking followed the exercises, and a most enjoyable social time followed.

## ST. MARY'S HALL.

To Be Formally Dedicated This Evening.

The new St. Mary's hall on Valley street, built to replace the structure damaged by fire early in the summer, will be dedicated this evening with special exercises, including a play by members of the Sodality of the Blessed Virgin. The demand for tickets for the play has been so great that the performance will be repeated. The hall will be used as a meeting place for the French societies, and part of it will be used in connection with St. Mary's school.

## Mayor Receives Acknowledgment of Letter.

Mayor Daniel P. Dunn has received a reply to his communication sent President Howard Elliott of the New Haven road relative to the conditions at the Main street crossing of the railroad company. The letter is sent by Mr. Elliott's secretary, and states that owing to the absence of the president on that day, the matter has been placed in the hands of Vice President A. R. Whaley for investigation and report.

## Bandages, Etc., Sent to French Red Cross.

St. Anthony's society of St. Mary's church, composed of a large number of the married women of the parish, has been busy for some weeks preparing bandages, clothing and other articles to be sent to the French soldiers in the trenches. The articles have now been gathered together, and other druggists everywhere and every package contains a guarantee of weight increase.
